Moletech Fuel Saver User Review

Name	Tom Yang	Date	4/23/2007
Location	Mansfield, Ohio, USA	Gasoline Type	Unleaded 87 Octane
Vehicle	2000 Plymouth Grand Voyager SE 3.5 L, V6	Mileage	108,000
Local Driving			
MPG Before	16.0 MPG	MPG Improvement	
MPG After	18.4 MPG	15.0 %	
Comments: Before using the Moletech Fuel Saver, I used to have to press hard on the gas-pedal in order to make it to the top of the steep hill on my way home. Two weeks after I installed the Fuel Saver, I was surprised by how much less I needed to press on the gas-pedal. Now I only have to press it about half way, and the car easily climbs to the top of the hill. The Moletech Fuel Saver not only saves gas money, but also tremendously increases a car's horse power – making driving more enjoyable.

Moletech Fuel Saver User Review

Name	Bill Burskey	Date	4/18/2007
Location	Mansfield, Ohio, USA	Gasoline Type	Unleaded 87 Octane
Vehicle	1991 Honda Civic DX, 1.5 L	Mileage	197,000
Local Driving			
MPG Before	Approx. 27.0 MPG	MPG Improvement	
MPG After	Approx. 33.7 MPG	25%	
Comments: Initially I did not see an improvement in the MPG, but this could be attributed to the fact that my 1991 Honda Civic with over 197,000 miles had a lot of carbon build up and the fuel saver was just cleaning out the carbon. I am now seeing an approx. improvement of 25%. I even feel that the engine is running smoother, as well as, quitter.
